

## CURRICULUM VITAE

### Aleksandar Cvetojevic

Bulevar Zorana Djindjica 18,  
11000 Belgrade  
Telephone: +381659001015  
Email: [sasha89bg@gmail.com](mailto:sasha89bg@gmail.com)  
Date of birth: 18.10.1989.

---

### In Short

My name is Aleksandar and I'm 27 y/o developer from Serbia. I have over 6 years of experience in developing JS/PHP applications and websites. Working on ThePodyum, I acquired in-depth knowledge of both JavaScript & AngularJS, understanding of how things work, and why they work like that. Over the years, I have worked in all major PHP MVC frameworks and CMS systems, did dozens of integrations with various APIs, payment gateways, warehouses, banks, bluetooth beacons, etc. I developed several facebook games and quizzes, android apps in Java, Xamarin apps(Cross-platform iOS&Android) in C#.

I'm a linux user, currently working on Fedora with Docker and have moderate knowledge in DevOps and linux OS that allows me to complete most of the server tasks on my own(if needed). I also have experience in leading both Mobile and Web based projects.

### Experience

#### ThePodyum.com (2016 – current)

Senior Javascript developer

Core developer on javascript (SPA) recruiting platform/social network. Worked on both client-side(AngularJs) & server-side(express.js & sequelize).

XMPP chat server(ejabberd) integration using rx.js, advanced policy/permission system, account switching, stripe integration, and various other features.

I acquired in-depth knowledge of both JavaScript & AngularJS, code structure, best practices & gotchas for each feature we implemented(we do a research before each feature implementation, to make sure we point ourselves in the right direction and explore latest trends), etc.
